PROJECTS

★ **DESIGNED & DEVELOPED COMPLETE FRONT-END PART OF A DYNAMIC WEBSITE**

For "Defence Vidya"

The front-end part of this website is designed with REACT JS , in addition of just development. I have designed the website with more UI/UX design for better user engagement.

🌐 HTTPS://DEFENCEVIDYA.COM/

★ **DESIGNED & DEVELOPED LANDING PAGE AND TEST-SERIES PAGE OF WEBSITE**

For "BetaWill"

I designed and developed the landing page and test-series page of BETAWILL website. React JS is used for the development of webpages. The design is fully responsive and have a good performance.

🌐 HTTPS://BETAWILL.COM/

★ **SINGLE PAGE STATIC WEBSITE DESIGN AND DEVELOPMENT**

For "Youtube Channel : Middle Class Coder"

I have designed and developed a single page static website for a youtube channel named as middle class coder. Website is developed using html , css and JS

🌐 HTTP://MIDDLECLASSCODER.TECH/

DESIGNING AND DEVELOPMENT OF PERSONAL PORTFOLIO WEBSITE

My PORTFOLIO

I designed and developed my own portfolio website. HTML , CSS and JS is used in the development of website.
